

NHS Devon and the services for which they are the coordinating commissioner have now extended their Meticillin Resistant Staphylococcus Aureus screening to comply with the inclusion of emergency admissions where appropriate. The individual trust policies have been amended and training in place to deliver this action. Prevention and control of infection remains a high priority in the NHS and NHS Devon continues to deliver care of the highest standard.

A handwritten signature in black ink that reads "Ann James". The signature is written in a cursive, flowing style.

Ann James  
Chief Executive
